

Dear Co-Chairs Cohen and Gresko, Vice-Chairs Slap and Palm, Ranking Members Miner and Harding, and members of the Environment Committee,

On behalf of Robert Hyatt located in Wilton, I write to ask you to support Raised House Bill 5291, An Act Authorizing Bonding for Bikeways, Greenways, and Recreational Trails.

This important bill would increase the bond authorization for the Recreational Trails and Greenways Grants program to \$6 million. In Fall 2021 DEEP issued a request for recreational trails proposals with only \$3 million available. It received 65 applications requesting over \$22 million, of which the highly ranked proposals alone totaled over \$7 million. Although \$3 million was granted to twenty worthy projects, we expect the ongoing need for investments in Connecticut's outdoor recreation infrastructure to continue.

Amidst an ongoing global pandemic the need to invest in outdoor infrastructure is more important than ever. The outdoors enable space to feel safe as well as provide the health benefits associated with time outside and physical activity. This money and these parks are very important to the CT population, please invest all that you can in them.

Thank you for the opportunity to submit testimony on this matter.

Sincerely,

Rob Hyatt
